DISCOVER OUR SUSTAINABLE MATERIALS

RATTAN

At David Francis, rattan stands as the cornerstone of our craft, embodying resilience and sustainability. Harvested from tropical regions, this fast-growing vine regenerates within 6-7 years, making it a remarkably eco-conscious choice. Hand-harvested to preserve forests and promote regeneration, rattan's solid, fibrous core offers both strength and flexibility, rendering it a beloved material in furniture making for centuries. With over 300 species and endless possibilities, our artisans have embraced rattan for over 40 years, crafting timeless designs that showcase its organic elegance and enduring charm. Explore our collection and experience the transformative power of rattan, where craftsmanship meets sustainability in perfect harmony.

SUSTAINABLY SOURCED WOODS

Embrace the warmth and richness of wood, knowing that every grain tells a story of responsible forestry practices. Our commitment to sustainability drives us to select only the finest woods from managed forests, ensuring that each piece reflects our dedication to environmental stewardship. Our wooden furniture exudes timeless charm while preserving the integrity of our planet.

RAWHIDE BINDINGS

Attention to detail is paramount in our craftsmanship, and our use of rawhide bindings is a testament to that commitment.

Made from natural materials, these bindings not only add structural integrity but also infuse each piece with a touch of timeless charm. As you explore our catalog, notice how these subtle accents elevate our furniture, highlighting the beauty of craftsmanship rooted in tradition.

HAND-APPLIED FINISHES

Each piece of furniture is hand-finished to bring out the natural beauty of the natural materials. Intricate layers of paint or stain are carefully applied by master craftsmen to enhance the form of your piece. Natural variations in our materials are highlighted with the artist's hand.

The standard sheen level for ALL David Francis finishes is 20 sheen (low-gloss). We feel the low-gloss sheen level best showcases and highlights our furniture. Any other sheen level (satin, semi or high gloss) is available as a custom finish.
