

## HAND-APPLIED FINISHES

Each piece of furniture is hand-finished to bring out the natural beauty of the natural materials. Intricate layers of paint or stain are carefully applied by master craftsmen to enhance the form of your piece. Natural variations in our materials are highlighted with the artist's hand.

The standard sheen level for ALL David Francis finishes is 20 sheen (low-gloss). We feel the low-gloss sheen level best showcases and highlights our furniture. Any other sheen level (satin, semi or high gloss) is available as a custom finish.

## NEED A CUSTOM FINISH?

Most of our indoor pieces are available in custom finishes for an up-charge starting at 20%. (Standard Price + 20%<sup>(+)</sup>). Specialty finishes will carry additional costs. Custom and specialty finishes may include: matches to samples provided by customers; two-tone finishes (where available), high gloss and discontinued finishes. Feel free to contact customer care at 772-567-7769 or [CustomerCare@DavidFrancisFurniture.com](mailto:CustomerCare@DavidFrancisFurniture.com)

Please note, due to differences in screen resolutions, color, and printer settings, actual finishes may vary from photographs or printed materials. For accurate color representation, we recommend requesting samples.
