MISSION

“PLASTIC CURRENTLY
ACCOUNTS FOR 85% OF ALL
MARINE LITTER AND IS ON
TRACK TO TRIPLE BY 2040.”

Every sale funds the collection of 11.4 kg of ocean-bound plastic, equivalent to **1000 plastic bottles in weight**.

By partnering with forward-thinking organisations and brands, we've collected over **8.7 million kg** of ocean-bound plastic to date.

We partner with plastic collection sites around the world, supporting thousands of livelihoods, whilst improving ocean health.

A close-up photograph of a person's hand holding a light blue, circular Ocean Bottle. The hand is positioned on the left side of the frame, with fingers wrapped around the bottle's handle. The bottle is a solid, vibrant blue color. The background is a blurred view of the ocean with white-capped waves breaking under a bright sky. The lighting is natural, suggesting an outdoor setting during the day.

"Ocean Bottle is the first tangible ocean impact solution that we have."

The logo for Ocean Bottle is centered in the image. It consists of the word "Ocean" in a white, sans-serif font, positioned above the word "bottle" in a similar font. A white circular icon, resembling a recycling symbol or a bottle with a loop, is placed between the two words, partially overlapping the 'O' in "Ocean" and the 'b' in "bottle".
