Leather
Shoe Care
Guide 

Your shoes track more miles than your car. So, it's essential to treat them with the utmost care. With just a little extra care, leather shoes can last a lifetime. After all, they're meant to be like that

HIGH-CLASS LEATHER SHOES AND
PERFECT SHOE CARE

GET YOUR
SHOES READY!

START THE
CLEANING!

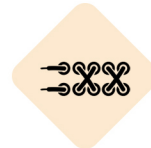

MAKE THEM
SHINE!

BUFF TO
THE CORE!

AIR
DRY

For more intense clean,
lather up with saddle soap
using a damp towel or cloth

If laces need cleaning, remove
from shoes and hand wash them
separately using detergent and
warm water.

Brush off dirt and debris
using a horsehair brush
or damp cloth

Always wipe away excess
soap from shoe and Air Dry

CLEANING

Use a horse hair brush or a soft cloth, apply a leather conditioner to shoe's upper

Allow to air dry

Color matched cream a must to help cover small scrapes, scratches and scuffs

Buff using a clean cloth or paper towel

CONDITIONING

Apply a thin layer of neutral or color-matched shoe polish using horsehair brush in a circular motion

Allow to air dry

Buff using a clean cloth or paper towel

For extra shine, repeat

POLISHING AND PROTECTING

GABICCI SUEDE SHOECARE TIPS:

Use a waterproofing spray to protect them from stains and water. Brush with a suede brush before and after the spray.

If you get mud on them, let the mud dry overnight and brush it off with a stiff brush.

If you get a stain, use a suede eraser.

If your shoes get wet, dab them with a paper towel and keep them in a dry and ventilated place.

Don't use drier or a heater to dry wet suede shoes.

When not in use, wrap your shoes in tissue paper and then store in a shoebox.

Fill newspapers inside your shoes before brushing them. It will maintain its shape.

GENERAL TIPS

Never use heat to dry leather shoes.

If shoes are damp, stuff them with newspaper as it aids the drying process and helps keep their shape

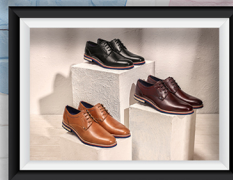

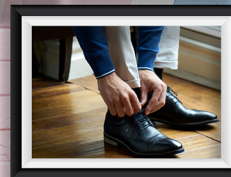

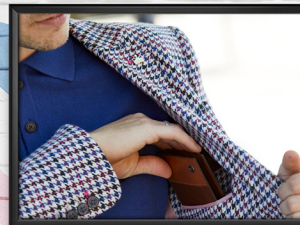

Store shoes on shoe trees

Condition leather every 3-6 months depending on environment and season

Waterproof once a year, if your lifestyle/environment calls for it

The style statement of **UK** since 1973

What makes us different?

Gab Ricci is a UK-based brand since 1973. Since then, it is the hallmark for gentlemen. Attributes that are making Gab Ricci unique and the most sought after brand are:

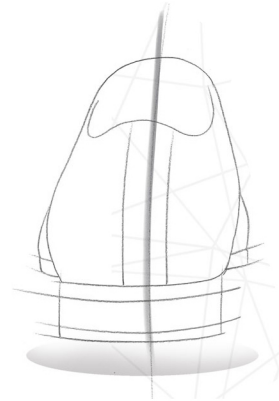

Design

With creativity and expertise, our talented professionals develop plans and styles according to the international fashion tendencies attuned with the preferences of users. Each new arrival collection is designed in synchrony with the world's trending fashion.

Development

Gab Ricci's engineers and designers adjust and test the minute details of each design. Evaluation and testing are the core of Gab Ricci's shoes. Each category of footwear goes through our highly advanced modeling system before entering into the market.

Material

Gab Ricci shoes are made with Sheep Veg - Natural Vegetable Tanned Lamb leather, which gives extra breathability through Italian Tanning technology. Also, the very finely perforated structured material which allows warm air to release to combine temperature control and moisture.
