

LPR-100 Series

Half Mask Respirator

Quick Specs

Filter Type

P100 Particulate Filter

Provides 99.97% filtration of airborne particles and aerosols, both oil-based and non-oil-based

- Stainless steel (hexavalent chromium), galvanized steel (zinc oxide), steel/manganese alloys, aluminum, cadmium and lead fumes
- Optional P100 nuisance level OV relief filters are available

P100/OV (Organic Vapor) Filter

Provides filtration of specific organic vapors and airborne particulates, both oil-based and non-oil-based

Assigned Protection Factor (APF) 10

Certifications NIOSH 42 CFR 84

Weight Including Filters

LPR-100: 4.7 oz. (130 g)

LPR-100 OV: 12.5 oz. (355 g)

Size Options Small/medium or medium/large

Fit Testing Required For mandatory use

**LPR-100
Half Mask Respirator
with P100 filters**

**LPR-100 OV
Half Mask Respirator
with P100/OV filters**

**Ideal for use with
a welding helmet**

Extreme low-profile design provides maximum field of vision and does not interfere with protective eyewear, making it an optimal solution for use with a welding helmet.

Ergonomic mask design allows user to feel more comfortable and less constricted without compromising the efficiency and effectiveness of the mask.

Large non-return exhaust valve reduces heat buildup and user fatigue.

Minimal dead air space limits re-breathing exhaled air making user more comfortable.

Convenient turnbuckles make changing filters easy and quick, reducing downtime.

Four-point head strap adjustments with integrated comfort cushion provide a customized and comfortable fit.

Exclusive pleated filter design provides additional surface area to reduce breathing resistance while minimizing filter size.

Made with medical-grade materials ensuring user it is free of latex and silicone; odor-free and non-allergenic.

Genuine Miller® Consumables and Accessories

P100 Filters SA00818

One pair of filters. Features an innovative filter media that will not deteriorate in humid conditions, extending filter life. *Not for use with LPR-100 OV model.*

P100 Nuisance Level OV Relief Filters SA00819

One pair of filters. Features an added layer of carbon that helps remove nuisance level organic vapor odors. *Not for use with LPR-100 OV model.*

Note: P100 nuisance level OV relief filters are designed for use with organic vapor concentrations not exceeding OSHA's PELs or other applicable government occupational exposure limits, whichever is lower.

P100/OV (Organic Vapor) Filters SA00820

One pair of filters. In addition to a P100 filter layer, product features activated carbon with a pore structure selected for maximum absorption efficiency. *For use with LPR-100 OV model only.*

Hard Carrying Case

283374 For LPR-100 with P100/P100 nuisance level OV relief filters

285686 For LPR-100 OV with P100/OV filters

Quantitative Face-Fit Test Kit shown installed on LPR-100

Quantitative Face-Fit Test Kit 261086

This kit includes tubing and two adapters that allow the LPR-100 and LPR-100 OV to be quantitatively fit tested with a TSI Portacount Fit Test Machine.
