

LAN STATION LCD MONITOR MOUNT

Kendall Howard LAN Station LCD Monitor Mounts make it simple to mount LCD monitors to any Kendall Howard Performance Series® Accessory Bar. They are designed to easily mount any VESA compliant monitor up to a 22" widescreen. The Kendall Howard LAN Station LCD Monitor Mount easily pivots left to right, and allows the user to adjust the tilt up to 40 degrees up or down, depending on the size of the monitor.

- 360 degrees of swivel (portrait to landscape)
- Up to 40 degrees of tilt (varies depending on monitor size)
- 75mm and 100mm VESA compliant mounting pattern
- 40 lb. maximum load or LCDs up to 22"
- Made in the USA
- Limited Lifetime Warranty

FEATURES

Pivot Feature - For convenience, the LCD Monitor Mount tilts up and down and left to right to accommodate different size monitors and different installation layouts.

Easy Mounting - For use within a Performance Series® LAN Station, mount the LCD Monitor Mount to any of our Performance Series® Accessory Bars.
