WE ARE A STYLIST'S BEST-KEPT SECRET...

We are an award-winning hair extension brand with an extensive range of application methods and over 75 colours, all at your fingertips. We are passionate about bringing professionals like yourself innovative products of high quality for your clients.

I HAVEN'T LOOKED BACK...

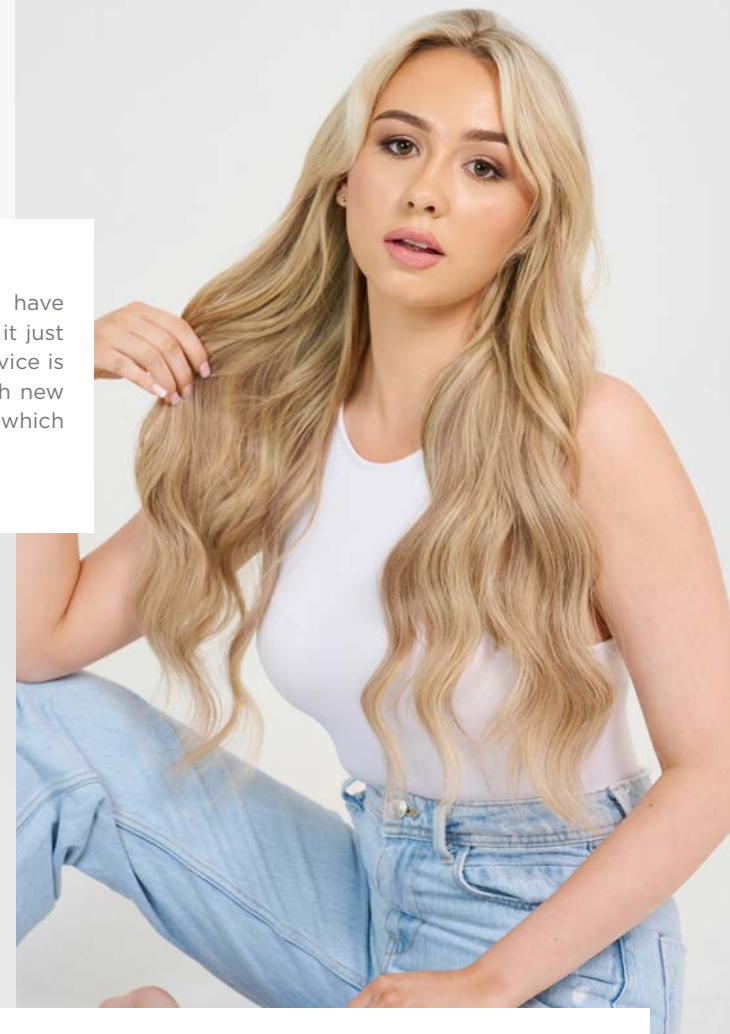

I started using Remi Cachet hair over 4 years ago and my clients love how well it lasts, plus, I have had great feedback from my celebrity clients too. The hair is always of amazing quality and their customer service is unbeatable!

ROXANNE SLADE - @ @INVIZIBLEWEAVE

TRULY THE BEST...

I have been using Remi Cachet since 2015 and have always found their hair to be of the best quality, it just lasts and lasts. Alongside this, their customer service is second to none and they provide innovation with new methods constantly being brought to the market, which sets themselves apart from other brands.

MARK TAYLOR - @ @MLTHAIREXTENSIONS

I LOVE HOW VERSATILE I CAN BE...

I have been working with Remi Cachet for 9 years after looking for a high-quality hair range with great pricing to fill a gap I felt my business needed. Choosing a brand of hair to work with has to tick certain boxes for me and Remi Cachet has got it right. I fit a lot of mixed methods tailored to each client. The brand has a great aftercare range and a fantastic team. I have so many happy clients who love their extensions and have beautiful, healthy hair underneath.

JOANNE FOX - @ @JOFOXHAIR

THE 5 STAGES OF CREATING REMI CACHET HAIR

ORIGIN

Our hair is mainly sourced from the southern regions of Russia, Mongolia and China but this will depend on the range you choose.

RAW HAIR

Testing is carried out on each singular braid of donated hair ensuring it is clean, strong and virgin hair. Only the best quality braids are selected to be used to produce our hair extensions.

CLEANING & PROCESSING

Our hair is hygienically cleansed, fumigated, sorted into lengths and sewn together. A gentle lifting process removes the melanin before colouring it to the desired shade.

BONDING

The hair is drawn multiple times to get the high ratio of hair lengths throughout the extension and is passed over to our quality team to carry out their quality control testing. Once the hair has passed quality control testing, the hair is then turned into the desired application method.

DOUBLE QUALITY INSPECTION

Before leaving the factory and at our HQ, the hair is checked to ensure all specifications and our high quality standards have been fully met.

ELEGANCE HAIR

DOUBLE DRAWN, PREMIUM REMY HAIR

Our Elegance hair, also known as “the best of Remi Cachet” is well known for being high-quality, double-drawn, premium Remy hair. Double-drawn hair maintains its thickness from root to tip and provides full-on thickness and volume. As it is sourced from the southern regions of Russia and Mongolia it is very smooth and very straight. This is our premium range so if your clients want to invest in hair that will last a long time, Elegance should be the choice advised, if compatible with their natural hair. You should expect to see our Elegance Range last up to 12 months when your clients use the correct and recommended aftercare.

**THE BEST OF
REMI CACHET.**

DELUXE HAIR

DOUBLE DRAWN/MID RATIO, CHINESE HAIR

Our Deluxe Range is our newest range which is “the next best thing” to our Elegance range. This double-drawn, mid-ratio range means that the hair that makes up the product is made with varying lengths, compared to our Elegance range which has a higher ratio of longer lengths. Overall, the purpose of this range is to be close to the quality of Elegance hair but with a more affordable price range for your clients. Following the right aftercare, the range should last your clients approximately 9 months.

**THE NEXT
BEST THING.**

LUXURY HAIR

NATURAL RATIO, CHINESE HAIR

Our Luxury range is designed to be great hair, with a good life span, without the premium price of our Elegance range. It has a natural ratio which means that it has a natural thickness from root to tip, so it tapers to a natural look. It is made with Chinese hair so it is smooth and straight. You should expect to see our Luxury range last between 6 and 9 months when your clients are using the correct and recommended aftercare.

**THE ORIGINAL
RANGE.**

RECYCLING IS AT THE HEART OF WHAT WE DO...

Our hair recycling scheme is in place to promote environmental responsibility, sustainability and awareness around the recycling of human hair extensions.

We have been at the forefront of this in the hair industry over the last few years working with several charities. This earned us the Marie Claire award for Best Ethical Hair Initiative in 2021.

MATTER OF TRUST...

We have teamed up with Matter of Trust and their Clean Wave Campaign to promote environmental responsibility, sustainability, and awareness around the recycling of human hair extensions. With their Clean Wave Campaign, Matter of Trust can create 'hair mats' with unwanted human hair extensions, which are then used to soak up major oil spills.

OUR WORK WITH...

LITTLE LADY LOCKS...

We have teamed up with Little Lady Locks. This UK-based charity supplies and fits hair replacement systems creating wigs, hats, and headbands for children suffering from alopecia and other hair loss conditions. Any hair extensions received at Remi Cachet that aren't suitable to be repurposed will go straight to the Matter of Trust scheme.
