Digger Lid original excavator cover

RRP
\$220

The Digger Lid excavator cover is a large cover designed to fit over the entire cabin of the machine. Designed to fit 1.7 tonne zero swing / compact radius machines, The Digger Lid features Heavy duty 650 GSM PVC coated canvas, thick resin zippers for easy side entry and 2 adjustable straps on the backside to make a snug fit and avoid flapping. A row of eyelets around the base allow for easy tie down. The life prolonging value that the Digger Lid provides for your machines controls and accessories makes purchasing an easy decision.
