

Mi Wireless Switch User Manual

Product Overview

Mi Wireless Switch is a new remote control switch with low power consumption. It supports three control modes, which are single tap, double tap, and press and hold. Based on the configuration, it can realize automatic control over other smart devices via the hub to intelligently perform various scenarios.

*This product is for indoor use only, and needs to be used along with a device with gateway capabilities.

01

Connecting with Mi Home / Xiaomi Home App

This product works with Mi Home / Xiaomi Home app*. Control your device with Mi Home / Xiaomi Home app. Scan the QR code to download and install the app. You will be directed to the connection setup page if the app is installed already. Or search "Mi Home / Xiaomi Home" in the app Store to download and install it.

Open Mi Home / Xiaomi Home app, tap "+" on the upper right. Select "Mi Wireless Switch", and then follow prompts to add your device.

*The app is referred to as Xiaomi Home app in Europe (except for Russia). The name of the app displayed on your device should be taken as the default.

02

Note: The version of the app might have been updated, please follow the instructions based on the current app version.
