**JOLLY ROGER**  
**3800 SERIES**  
*LIMITED EDITION*

## **JOLLY ROGER 3800 SERIES**

*Limited Edition*

The JOLLY ROGER flag was probably intended as communication of the pirates' identity, which may have given target ships an opportunity to change their mind and surrender without a fight.

Since the decline of piracy, the JOLLY ROGER emblem has been used by various military special units (among others also the Navy SEALs) as a unit identification insignia and a symbol for ferocity and toughness, just as the good old pirates were.

The Jolly Roger 3800 Series is a limited edition of 750 units worldwide.

All 750 units are numbered on the watch caseback.
