

NANO WHITEEN[®] CREAM EX TREATMENT

1. After cleansing, apply cream into palms of hands and dab onto forehead, cheeks, nose, and chin.

2. Gently spread cream over skin with tips of middle and ring fingers.

3. Massage facial areas as noted, moving from inner face to outer area.

4. Using a press-release technique, move from inner to outer corners of eyes and above brows.

5. Gently press hands over face to ensure perfect absorption of the cream.
