Heat Press

LASER

ALIGNMENT SYSTEM

The Laser Alignment System™ includes a portable tabletop unit with four, independently adjustable lasers used to ensure accurate positioning and consistent placement of graphics and designs. Compatible with any brand of heat press, the laser unit comes with the Laser Alignment Wizard™. Align each laser bulb to this heavy-duty, spiral bound template to achieve consistent placement of left chest logos and other designs. With five popular layouts and rulers for custom placement, it's easy to follow the L.A.W. to achieve perfect placement every time.

Align Lasers

Remove L.A.W.

Position Design
