 even pressure

15 Seconds

PEEL  
 Peel warm (Except Neon and  
 Columbia Blue - Peel Cold),  
 cover with Teflon & repress  
 for 2 seconds.

Wash warm, tumble  
 dry normal. Suitable  
 for dry-cleaning.

All technical information and recommendations are based on tests we believe to be reliable. However, we cannot guarantee performance for conditions not under manufacturer's control. Before using, please determine the suitability of product for its intended use. The user assumes all risk and liability whatsoever in connection with the use of this product. Seller's and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective by manufacturer. Test on dazzle cloth and other moisture-wicking polyesters. Moisture-wicking materials have better adhesion when washed and dried using no fabric softener or blotted with rubbing alcohol before pressing. Be advised that dye migration has occurred with low energy dyes in polyester and poly-blend fabrics.
