Instructions for SELF-GRADING TESTS ON GOOGLE™ FORMS

VERY IMPORTANT-PLEASE READ!

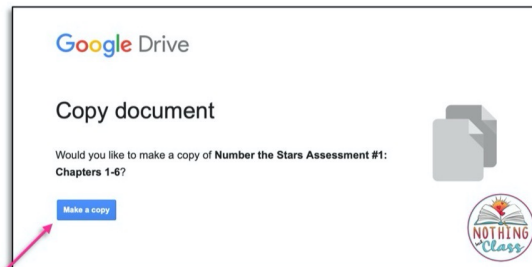

- The following instructions are for accessing the convenient, self-grading assessments that can only be used on Google.
- The Google forms documents are only for the novel study assessments. (If you're looking for other parts of the product you purchased, please look in the other included PDFs that you received upon originally downloading.)
- If you do not wish to use this version of the assessments, you have two other choices. You can use the Google Slides version, which contains text boxes for students to type into and is not self-grading, OR you may use the black and white printable version.
- All assessments are mirrors of one another as far as content is concerned, they are just given to you in different formats so you may choose which is best for you. (When you purchased this product, you would have downloaded multiple PDFs. Please see the other PDFs for the other formats.)

1. To get started, you will need to have access to the Internet and a Google account (which is free). In order to share the tests out with your students, your students will either need their own Google accounts with accompanying e-mail addresses OR you will need to have Google Classroom. Before moving on, be sure you are signed into the Google account that you want the assessments to transfer into.
2. Then, click on each of the yellow link buttons below. Notice there are multiple buttons, one for each separate assessment. When you click each button, a window will pop up that says, "Would you like to make a copy of ---?" Click "Make a copy." Do this once for each assessment.
