ABOUT THE STUDENT CHAPTER PACKET

The student work for every 2 chapters contains both comprehension and vocabulary. Each part includes the following sections:

- Quickwrite**-A great idea is to have the students free-write here BEFORE reading the chapters. This gets their minds warmed up and thinking in the direction that the chapters will take them. This also helps them to connect the concepts in the story to themselves.
- Vocabulary**-The students practice with four new words that are chosen for you from every set of chapters. Synonyms, antonyms, and context clues are among the skills included.
- True/False, Multiple Choice, or Sequencing**-One set of these types of questions is included for each section.
- Standards Focus**-One question or activity is included. These focus on Reading Literature standards like character analysis or figurative language.
- Comprehension and Analysis**-Three written response questions are provided per section. You will find that these questions are at all levels of Bloom's Taxonomy, so are optimal for differentiation if needed. Use them all or choose just some for your students to complete.
- Beyond**-The Beyond activities are a mix of fun activities, including art, graphic organizers, and text-to-self connections. They require the students to use their imaginations, research skills, and some upper-level thinking. You might even choose to use these as an option for early finishers.

See what other teachers are *saying* about my resources!

I do not know where to even start with how much I loved this unit! It has absolutely everything you could need with very little prep. The chapter by chapter worksheets vary in the skills that are used and the assessments are a great variety of skills. I have purchased many novel units over the years and this was by far my very favorite with the most options of materials that were ready to use. It was the most expensive unit I have ever purchased but it was worth it! I will definitely be purchasing more units from Nothing but Class!

-Sarah P.

FANTASTIC resource! This novel study offers a simple but meaningful format, divides the book into very manageable portions, and includes all levels of thinking, from vocabulary study to higher-order analysis. LOVE IT!

-Shirley Y.

I LOVE this novel study unit. Not only did it help take the stress of prepping a novel study, it also helped my students (and me) pace ourselves through the book and strengthen our comprehension as we read. I love all the different standards touched in each of the different chapter sections. It was great for both teaching the skills, and reviewing the skills. I will use this every time I teach this study!

-Shelby M.

I have used many of the novel study resources from Nothing but Class and they are very well put together. Just the right amount of work for my 4th graders this year and the chapter worksheets have a nice variety of questions covering many key skills, particularly connecting text to self and providing text evidence to support answers.

-Elizabeth F.

This was truly the best resource I have ever purchased on TPT. It had everything we needed to do a class novel study on Holes - comprehension questions, robust vocabulary, writing prompts, and standards based practice (similes, sensory details, setting, characterization, etc.). My students loved doing the "pre-write" section before we read the book together. I will use this resource for years to come! I am going to be purchasing a few other novel studies from this author so that my students can do them during distance learning.
