

**A L L I E D**

**Position: Bicycle Assembly/Fulfillment Technician**

**Location:** Rogers, AR

**About the Position**

The ALLIED Mission is to make the finest bicycles on Earth. We build them in the United States from the ground up: from design to engineering to manufacturing. We seek a bicycle assembly/fulfillment technician to be part of a team that assembles and fulfills the finest bicycles made. You will report to our Assembly Supervisor.

**Responsibilities**

- Assemble bicycles according to established procedures, specifications, and quality.
- Deliver the highest level quality workmanship on each bicycle build, to ensure a seamless riding experience for the end customer.
- Prepare and pack bicycles for shipment to customers.
- Work with the fulfillment team to ensure order and inventory accuracy during the fulfillment process.
- Maintain a clean and organized work area.

**Who we are looking for**

- Prior assembly experience of high-end bicycles with electronic shifting, hydraulic brakes and suspension.
- Experience with hand tools.
- Ability to lift up to 50 lbs.
- Excellent organizational skills, extreme attention to detail, problem solver with a demonstrated capacity to meet deadlines, and a commitment to teamwork and customer service.
- An innate desire to improve processes and efficiencies, and communicate effectively with other team members.
- Time management skills, the ability to work independently with moderate to no supervision, and willingness to take the initiative.

**Compensation and Benefits**

- Compensation is dependent upon experience
- Benefits include: Health, dental, and vision insurance, PTO (vacation, sick, and personal leave), paid holidays, and retirement benefits.
