

**A L L I E D**

**Position: Composite Manufacturing Technician**

**Location: Rogers, AR**

### **About the Position**

At Allied, we pride ourselves on creating Earth's finest bicycles and components. Our commitment to excellence extends from the design stage to engineering and manufacturing, all carried out in the United States.

We are currently looking for a Composite Manufacturing Technician who has solid manufacturing experience and a strong understanding of bicycle mechanics and frame building. This role is ideal for someone who can blend technical knowledge with practical skills as a bicycle mechanic.

Individuals with robust bicycle mechanic skills and an interest in composite manufacturing are highly trainable for this specialized role.

In this role, you will report to one of our Production Team Leaders and work closely with key stakeholders across the business, mainly in production and engineering.

### **Responsibilities**

#### Quality and Production

- Perform production tasks associated with manufacturing complex carbon composite products, including product trimming, clean-up, bonding, drilling, and sanding.
- Process composite parts for assembly and complete structural bonding operations.
- Actively participate as a member of a workcenter to accomplish department goals, with a strong emphasis on prioritizing quality in a production environment.

### **Who we are looking for**

#### Attributes that support your success

- A passion for cycling
- Strong knowledge of bicycle mechanics and frame building is highly desirable.
- Proven experience in manufacturing and experience working with hand tools
- Ability to adapt to new manufacturing processes and techniques
- Commitment to quality and precision in a fast-paced production environment.
- Must have excellent hand-eye coordination and good manual dexterity in both hands
- Ability to work in an unconditioned production environment

**A L L I E D**

### **Compensation and Benefits**

- Compensation is dependent upon experience
- Benefits include Health, dental, and vision insurance, PTO (vacation, sick, and personal leave), paid holidays, and retirement benefits.
