

Portable Access Matting

Available in 10' and 13.8' wide, Mobi-mat® Boatramp is designed for creating boat launches and accommodating medium vehicle traffic on supporting but unstable grounds incl. sand, grass, gravel on the shoreline, banks and lakes.

NON SLIP ROLL-OUT MATTING

Mobi-mat® Boat-Ramp™ type A2X innovative 3-D surfacing provides great traction to medium weight wheeled vehicles while remaining pedestrian friendly.

ECO-FRIENDLY

Mobi-mat® Boat-Ramp™ is made of 100% recycled polyester and is recyclable.

RUGGED

Mobi-mat® Boat-Ramp™ is impervious to the damaging effects of salted water and is not affected by tidal change. It withstands temperature from -40°F (-40°C) / 176°F (+80°C)

DURABLE

Boat-Ramp™ withstands regular vehicle traffic at low speed. It is recommended that beach cleaning vehicles slow down and raise their rakes when driving crosswise over the mat.

BATTLE PROVEN

Boat-Ramp™ requires little or no maintenance under normal conditions. The mat can be cleaned with a high pressure washer.

EASY INSTALLATION and RECONFIGURATION

Boat-Ramp™ can easily be installed on the ground surface with minimal ground preparation.

Only 2 people and 15 minutes time are required to install a 50' long roll.

Boat-Ramp™ type A2X can be attached to the ground with stakes / staples inserted through eyelets.

OPTIONAL ANCHORING

Boat-Ramp™ can be attached to the existing cement ramp with wedge anchors.
