

BioClear

SKIN TAG REMOVER OIL

User Instruction Manual

**Clinically Tested and Evaluated Effective.
Safe and Easy to Apply**

How to Use Bio Clear[®] Skin Tag Remover

1. Ensure the area of skin you wish to treat is dry and clean.
2. Carefully open the product, ensuring that any residue on the applicator brush does not spill. Simply deposit any excess oil back into the treatment bottle.
3. Gently apply the skin tag oil onto the area you wish to treat, making sure the skin tag is fully covered
4. With a clean, dry finger, massage the skin tag oil into the treatment area for up to five seconds, ensuring to wash hands after this step.
5. Repeat this process up to three times a day. We advise morning/dinner/before bedtime for optimal results.

Advice Before Application[®]

We advise that you conduct a 'patch test' for 24 hours before use to ensure there is no sensitivity towards the product. Simply apply the product onto a small patch of skin and wait 24 hours. If no adverse reaction occurs, continue with use.

If you are unsure of whether or not you have a skin tag, we always advise you to seek professional medical guidance before using Bio clear Skin Tag Oil.

100% Natural Ingredients[®]

Castor seed oil, Tea Tree leaf oil, Salicylic acid

Tips for Application

- Excess skin tag oil on surrounding skin should be wiped away immediately upon application.
- Massage the skin tag oil into the skin tag. This will speed up the treatment process and results will be achieved quicker.
- If the skin tag is in an awkward/enclosed area (under the arm or rubs against clothing), applying a plaster over the top of the skin tag once treated will ensure the skin tag oil is still effective.
- For best results, apply skin tag oil three times a day.

Results & Expectations

Small Skin Tags

Small skin tags may take anywhere between 3-6 weeks to effectively treat, leaving fresh new skin underneath.

Large Skin Tags

For larger skin tags, treatment time may take slightly longer, but the results will be the same. Consistency is key.

Cautions & Warnings

Please note that this formula contains castor oil. This product should not be used if you are pregnant or breastfeeding.

We recommend that you do a skin patch test before using. Simply apply a small amount of oil onto the skin and wait 24 hours. If an adverse reaction occurs, discontinue use.

For external use only. Only apply to the area affected by a skin tag. If you are unsure if what you have is a skin tag, we advise you to seek professional health guidance before using Bioclear
