OUR STORY

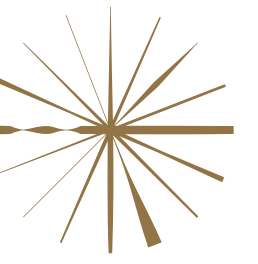

Our story began almost 100 years ago, when our founder's maternal grandmother was born. Her love, kindness and compassion are the beating heart of everything we do. As she shared these values with her daughter, who inspired her son (our founder), we are now honoured to share the art of giving with you.

We love celebrations, sharing and moments where people can come together and have extraordinary experiences with people they hold dear. And nothing could be more special than a wedding.

With years of experience helping people elevate their weddings with gorgeous handcrafted honey nougat and luxurious gifts, we'd love to do the same for you.

WE LOVE WEDDINGS

We focus on every detail of the gifting experience, so you can be assured that the lucky recipient will get nothing but the best. Whether you're looking for wedding favours, table settings or something larger – we have everything you could wish for. We can create unique ribbons (with your names or the date), create custom tags or even bespoke boxes (dependent on the amount you order) so you can share something incredible with your guests on your special day.

MAKE US PART OF YOUR SPECIAL DAY

We have helped countless couples celebrate their marriage in unique, personalised ways and we'd love to collaborate with you too and make your wedding day even more indulgent.

Contact us today. Together, we can make your wedding out of this world.
