**P R E S E N T S**  
**ART FROM THE VOID**  
**ART EXHIBIT - March 2-26, 2022**

Dear Artist,

Thank you for participating in ART FROM THE VOID! We hope to provide an auspicious opportunity for visual artists in all disciplines to create artworks that can be placed in the ART Provides Gallery from March 2-26, 2021. We would love to see a diversity of artworks that can challenge or transform our city with different conformations and concepts related to our transformative experiences floating with our friends at True North!

- The artist must apply with work created and made after floating at True North. If you haven't scheduled your floats with True North, please do so before submitting your art. Additional rules apply.
- Open to living artists of all ages, emerging and established. Mediums accepted include painting, sculpture, design, glass, metalwork, photography, digital, mixed media and installation art.
- There is no entry fee for the artist, but the artist must have floated at least three times at True North during the promotion period.
- Artists may submit more than one piece but not all art is guaranteed to be displayed. Any remaining art must be picked up on or before March 4th.
- Artists have full rights to your original art, but ART Provides will display it as well as photographs will be taken for a book to be on display in the Zen room at True North.
- Optionally the artist may choose to list the work for sale. Sales of artwork during and up to 30 days after the show will be subject to a 40% gallery sales commission in the event that it is sold.
- The artist is responsible for all shipping costs to a buyer including return shipping of all unsold work and import/export duties and taxes.
- We hope you will be inspired and get creating!
