Do's

We recommend the use of furniture covers to protect your product when not in use.

During bad weather and winter months the product should be stored in a cool dry place. Before storage ensure that it is clean and dry.

To prolong the life of this wooden furniture, it should be protected from severe weather and stored under cover during winter. A liberal coating of furniture oil should be given to the furniture before it is laid up, and again when it is removed from storage.

To clean wipe with a sponge and warm soapy water then wipe with a dry, clean cloth.

Clean the fabric using warm soapy water only. Do not use solvent based cleaners or detergents as they can bleach or damage the product. The product must be thoroughly dried afterwards to prevent mildew and mould stains from forming.

Most stains can be removed with a mild soap.
