

POWER TOWER

Off-grid, solar powered, fume-free power system & batteries.

With the Power Tower from Hybrid Power Solutions, getting off-grid has never been easier. Avoid rising electricity & distribution costs, underwater cable maintenance for island properties, and not to mention power outages that flood basements and spoil food. The Power Tower is the reliable, fuel-free power solution for your off-grid location.

Designed with off-grid living in mind, the Power Tower offers 6000 W continuous power and up to 18,000 W of peak power. Coupled with 3,500W of Solar MPPT charging capability, the Power Tower ensures you are never left out in the dark.
