

## Arc 40

Natural hues, weatherproof materials, and industrial design features combine to create an eco-friendly fire solution that is as striking as it is sustainable. With a wide lip to perch a drink on, and an unobtrusive shape that suits all types of décors and settings, The Ark fire furniture creates an instant talking point – even when they are not in use.

### Key Features:

## Key Features:

### Outdoor Design

A contemporary take on the traditional fire pit, Ark 40 fits right at home in outdoor settings.

### Long Burn Time

Fuelled by environmentally friendly e-NRG bioethanol, Ark 40 can burn up to 11 hours straight, depending on installation and weather conditions.

### 360-degree Precision

Ark 40 feature 360° height-adjustable articulating feet to help you achieve a perfectly level and stable position before operating.

### Generous Dimensions

Tabletop design accommodates glassware, leaving hands free to enjoy finger food and canapés. There are 2 sizes to choose from, Ark 40 or Ark 44 depending on space available.

### Low Maintenance Fireplace

Unlike traditional wood burning fire pits, there is no need to sweep up ash after using the Ark 40 fire pit.
