

DOVER SOFA BED

Smaller footprint, longer sleep surface and takes up less room than conventional sofa beds. Uses a classic drawer type mechanism designed in Belgium.

TO OPEN: Pull forward from front board until mechanism is completely open. Unfold seat cushion and push down the back cushions.

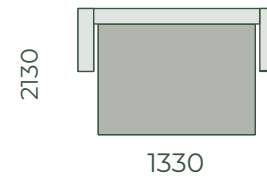

THE SOFA

- **Frame:** New Zealand kiln-dried timber and engineered timber
- **Cushions:** Foam seat cushions fixed onto the mechanism
- **Overall height:** 890 mm

THE BED

Head to toe wooden slats, prevents roll together and partner disturbance

- **Sleeping height:** 320 mm
- **Mattress:** Foam
- **Sizes available:** Double
