

Peri bunk

Shared bedrooms are no problem when you have the Peri Bunk bed. The stacked design allows you to make the most of your vertical space or you can leave it apart as two separate beds.

- NZ Pine - FSC Certified
- Each piece of timber is unique and will have differences in colour tone and pattern. This is the beauty of solid wood.

- Certified to the Furntech-AFRDI safety standard
- Strong solid Pine gate slat system. Spacers hold the slats in place to prevent slipping and mattress movement. Slats are spaced for optimum mattress support and breathability
- Can be split into two separate beds
- The ladder can be on either side of the bunk - you can decide when assembling
- Simple assembly required - step-by-step instructions provided
- 100% designed and manufactured in New Zealand
- [Click to view the Peri collection](#)
