

Pillar 3L

Modern-industrial fire furniture for adding texture and warmth.

A smaller floor or side lamp-style fire with an industrial modern design, the portable, freestanding Pillar 3L allows you to create a unique and edgy aesthetic in indoor architectural spaces. Pairs beautifully with contemporary furniture and instantly transforms your interior, providing warm ambience.

Choice of natural materials including timber with real Oak veneer, Italian Carrara marble or Turkish Nero Portoro marble for the base, with brushed brass trim and bracket accents breaking up the finish. A clear lamp shade-style Borosilicate glass fire screen surrounds the round stainless burner, which is also available with optional black ceramic coating.

- 46.90kg
- **412w x 484h**

Choice of:

- **Timber with Real Oak Veneer**
- **Carrara Marble**
- **Turkish Nero Portoro Marble**

Accessories included:

- Jerry Can
- Designer Lighter
- Lighting Rod and
- Efficiency Ring

Key Features:

Lamp-like aesthetic

- Pillar-style base reminiscent of a floor lamp, with large suspended glass surround in lampshade-style for flame-illumination and striking visual impact.

Perfectly paired or standalone statement

- An edgy, characterful portable fireplace that can feature alongside other furniture or be used as a centrepiece fire to decorate or define a room.

Slender design

- Slim-line, compact shape with unobtrusive style, ideal for any size or style room.

Natural materials

- Blend of materials to break up the industrial finish: the choice of timber with real oak veneer base, Italian Carrara Marble or a Turkish Nero Portoro Marble base, combined with Grade 304 stainless steel burner (with optional black ceramic coating), and brushed brass-bracket highlights and Borosilicate glass fire screen.

Long burn time

- Fuelled by environmentally friendly e-NRG bioethanol, Pillar Series fires can burn for up to 11 hours straight.
