*Flowerfull pieces that are perfect for festive soirees.*

'Lilies of the Valley', evokes the essence of a contemporary yet vintage celebration. This collection captures the enchanting floral splendour of Valley of Kashmir, weaving a tale of diverse flora and delicate beauty into every piece. Handcrafted from the finest silks, linens, and cotton-silk chanderi, these saris offer both luxury and comfort, perfect for celebrations through the seasons.

Drawing inspiration from vintage plates adorned with centuries-old floral motifs, each design pays homage to the artistic traditions of the past. Enamoured by the botanical illustrations by artist Alfred Henry Forrester on vintage plates, our artists have skilfully recreated the floral geometry on textiles. The patterns on these plates are meticulously caught on fabrics through a blend of traditional craftsmanship and modern techniques, creating each piece as unique as the flowers that inspire it.

Delicate Hollyhocks sway gracefully, Saffron hues radiate like golden sunsets, and Nargis flowers nudge one to unwind the day pouring sherbet for friends. The soft embrace of hand woven fabrics feel like a hug from an old friend, intending to evoke nostalgia and a newfound love for shared times with loved ones.

These flowerfull pieces are perfect to dress you for all kinds of occasions. Whether it's gathering for a cosy brunch or sharing evening cocktails over laughter with loved ones, "Lilies of the Valley" invites you to revel in the timeless elegance of its floral charm. Each thread woven into these garments carries a story, inviting you to embrace the essence of tradition and the warmth of shared experiences and blending it into your own. Let the timeless charm of saris become your cherished companions for all occasions.
