Instruction Manual

ASSEMBLY:

3+
years

1. LaScoota scooters are designed as sports equipment developed for children. Children should be supervised while riding.
2. Scooters should be carefully installed by a responsible adult.
3. 110 Pounds max. One rider at a time.
4. Not suitable for children under 36 months.
5. Use the left or right foot to step on the rear wheel baffle to brake.
6. Please do not make any modifications to the scooter.
7. Please don't drag the scooter by bicycle or other transportation.
8. Only use the scooter with fully engaged steering rod.
9. Like cycling, skateboarding and inline skating, riding this scooter is not totally safe even in perfect conditions and can lead to accidents.
10. Always make sure that your child wears proper safety gear while riding the scooter. Falling off this scooter without such safety precautions may cause serious or even fatal accidents.
11. In wet conditions there is a major rise of slipping. Do not use this scooter in these conditions.
12. Riding in dusk, at night or in poor visibility is very dangerous and increases the risk of accidents and injury.
13. Do not use in traffic.
14. **Warning!** Protective equipment should be worn.
15. **Warning!** Not suitable for children under the age of 3 due to small parts.

**110LBS
MAX**

USE CAUTION WHILE RIDING TO AVOID FALLING DOWN OR CAUSING INJURY TO OTHERS.
