

Heavy Duty, 5mm Fire Pit & Ash Tray

1. Hold the 2 end panels about 40/50/60cm apart. It may be easier to have someone to help you with this.
2. Slide one of the side panels, into the slots on the right-hand side of the end panels, see diagram below.
3. Repeat this step on the other side of the fire pit.
4. Put the 2 pan supports through the cut-outs on the tops of the side panels.
5. Place the assembled fire pit over the ash tray and light your fire. Enjoy!
