

Heavy Duty, 5mm Fire Pit & Ash Tray

****CAUTION: LASER CUT STAINLESS STEEL CAN HAVE VERY SHARP EDGES, PLEASE BE CAREFUL WHEN HANDLING THE FIRE PIT PARTS.****

1. Hold the 2 end panels about 50/60cm apart. It may be easier to have someone to help you with this.
2. Slide one of the side panels with the bend facing down, into the slots on the right-hand side of the end panels, see diagram below.
3. Repeat this step on the other side of the fire pit.
4. Put the 2 pan supports through the cut-outs on the tops of the side panels.
5. Place the assembled fire pit over the ash tray and light your fire. Enjoy!
