## ALL FIRED UP

The Uuni pizza oven is the brainchild of Finland-born designer Kristian Tapaninaho, who wanted to bring the taste of wood-fired pizza home. Measuring 20" l. x 15" h. x 5" w., the oven is smaller than some carry-on suitcases, making it ideal for urban patios or camping trips, and is ready to use in only 10 minutes. Made of powder-coated steel, it costs \$325 and comes with a pizza paddle and wood pellets. [uuni.net](http://uuni.net)
