ELITE SCREEN

WIDE TUBES

Wide tubes protect the projection surface when folded up and offer stability in windy conditions.

INFLATABLE MATERIAL

18oz vinyl weft material, tear-resistant substrate, NFPA 701 fire compliant.

3 YEAR WARRANTY

35 MPH WIND RATING

MADE IN USA

TETHERS

Nylon tethers attached to steel rings provide stabilization for your screen. Your audience will enjoy uninterrupted movie viewing even in windy weather. 2,000 lbs rating per tether.

STITCHED SEAMS

Our stitched seams are famously strong giving the Elite Screens a 35 mph wind rating.

VELCRO / ZIPPER AIR VENTS

Air vent provides instant emergency deflation, one on each side and two on top.

DUAL INFLATION SLEEVES

Easy access for quick inflation on either side of the screen.

AIR BLOWER

Our quiet blower provides constant air and quickly inflates your screen and maintains constant pressure.

SCREEN ORIENTATION TAGS

Set-up and inflation are a breeze with the Elite Screen. Orientation Tags are located on the screen for easy set up and take-down.

STEEL STAKES SLEDGE HAMMER

Your Elite Screen comes complete with all that is needed for easy screen inflation and stability. Rust-free steel stakes and sledge hammer are the little things that make your purchase of a CineBox™ Elite Outdoor Theater System complete.

BREAK-DOWN INSTRUCTION TAGS

After your event is complete, breaking down your Elite Screen is an easy and quick process. Permanent Break Down Instruction Tags are attached to the screen to guide you through every step.

HEAVY-DUTY STEEL RINGS

Steel rings provide screen stabilization while your screen is inflated. Elite Screens are warranted in up to 35 mile-an-hour winds. Tension points are reinforced with five layers of material.

HANDLES

These durable, sewn-in handles allow for easy mobility when folding and transporting your Elite Screen.

PROFESSIONAL ELITE SCREENS

Elite Screens are designed for mobile, fast inflating, manageable, impressive outdoor cinema productions. The Elite Screens are puncture-proof, wrinkle-free and will not deflate. Made in the USA, all Elite Screens come with a three year warranty.

For impressive outdoor movie events all you need is an Open Air Elite Screen. The ease of use and durability are world-class. Open Air Elite Screens are the best in the market and are the screens of choice of outdoor cinema and film industry professionals. Owners include the LA Film Festival, Tribeca Film Festival and Coachella Festival.

ELITE SCREEN SIZES AND SPECS

Make your large outdoor event one to remember. Elite Screens offer the biggest surfaces with viewing capacity for audience sizes of 500 to 3,000. Custom outdoor systems are available for audiences of 10,000+ viewers.

FRONT ONLY PROJECTION SURFACE

Elite Screens come with our standard front only projection surface. Luminance: 0.9 on-axis.

OPTIONAL ELITE SCREEN PROJECTION SURFACES

Elite Screens offer a variety of optional projection surfaces to suit your event needs. The Front/Rear projection surface is a versatile solution that works best for event producers who have some venues that require front projection and some that require rear projection.

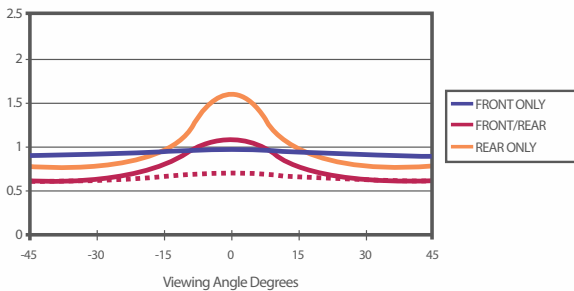

When you know you will only be projecting from behind the screen, the Rear Only projection surface will give you the best image.

Also available for your Elite Screen is our screen with black backing which blocks all ambient light from behind. This will block out street lights, house lights or headlights that may be present from behind the screen, providing your audience with even, clear, bright and uninterrupted viewing.

FOLDING TETHER

Pulling on this tether during deflation will provide easy folding of the Elite Screen, especially in windy conditions.

CINEBOX ELITE CONSOLE COMPONENTS

*Standard and custom configurations available.
Components not limited to those pictured.*

MULTI-CHANNEL AUDIO MIXER

Mix multiple audio sources and seamlessly fade from one to the next. Add vocal performers, live bands and any media player all from within your CineBox™ Elite Console.

PREVIEW MONITORS

Bright LCD preview monitors provide real-time viewing of your media player content.

TWO PROFESSIONAL MEDIA PLAYERS

Play virtually every disc format there is with two rack-mountable film festival-grade Blu-ray players. 3D and Gaming Console options available.

ADVANCED VIDEO SWITCHER

The simple yet robust video switcher will provide quick switching of the projected video image from the two built-in media players. Play a sponsor's video advertisement and – when ready – easily switch to your queued media content.

POWER CONDITIONER WITH LIGHTS

Delivers clean and stable voltage for optimum performance. It has eight switched AC outlets in the rear panel to protect all your equipment from power surges.

CINEBOX ELITE CONSOLE

CineBox™ Elite is an all-in-one audio-visual console with the best in professional audio and video projection. Everything you need to produce blockbuster outdoor movie events (from the projector, to the video switcher, to the media player, and wireless microphone) is in place and ready to go.

SAMPLE CINEBOX ELITE CONSOLE

Standard and custom configurations available. Contact us today at 866-896-5237 for more information about customizing your CineBox™ Elite Console and System.

WIRES

All wires are pre-connected, consolidated and secured in the rear of the CineBox™ Elite Console.

ALSO INCLUDES

MP3 adapters and cables
Individual component manuals
Pullout storage drawer
Tough protective ATA case

WIRED AND WIRELESS MICROPHONES

Accentuate the clarity and increase your mobility with a wireless microphone system. Simple wired microphone options are also available.

Professional grade equipment is fundamental to our rugged Elite Systems. The CineBox™ Elite System's central projection console features advanced media players, preview monitors, simple video switching, multi-channel audio processing and more. All equipment comes encased and road-ready. Our attention is in the details.

Elite is compatible with any HDMI-enabled device. Laptops, gaming consoles, media players.

CINEBOX ELITE AUDIO

To make your outdoor movie production an epic runaway success, CineBox™ Elite incorporates the thunderous sound of professional powered speakers. Your audience will not only see movie magic but will feel all action with powerful, bone-rattling, theater-quality sound. While delivering the professional sound your event requires, these speakers remain portable and simple to use.

MACKIE SPEAKERS

CineBox™ Elite provides Mackie two-way portable active loudspeakers, includes your event with superior audio clarity and dispersion. These compact – yet powerful speakers can be pole-mounted and combined with subwoofers for that heart-pounding theater sound.

These speakers provide precise reproduction of critical upper mid-range and high frequencies, impact-resistant enclosure with sturdy handles and integrated rigging points. Setup options include: pole-mount, flyable and wedge.

SPEAKERS INCLUDE

Speaker bags, Speaker stands, XLR Cables

SPEAKER BAGS

We provide you with black canvas and zipper speaker bags for safe and sound transportation of your audio system. These bags are rugged and have a wide shoulder strap keeping the load distributed evenly.

SPEAKER STANDS

*Height 3' 8" – 6' 8"
Weight 6.2 lbs.
Base diameter 47"
Load Capacity of 150 lbs.
Folded 43.5" x 5 1/2"*

UPGRADE WITH SUBWOOFERS

Nothing says Blockbuster like the deep pulse-pounding bass of Active Subwoofer Systems. 800 Watts of continuous power will capture your audience's attention and will provide your event with an extremely powerful system capable of real professional output levels. Upgrade with subwoofers.

Also Available

ELITE VIDEO PROJECTION

Captivate your audience with amazing ultra-bright and crystal-clear video projection. Our CineBox™ Elite System includes a projector from industry leaders in large-venue projectors. The projectors come with easy-to-navigate menus and front or rear projection capability. Also available are short, standard and long throw lenses. Each projector comes with a custom protective hard case for safe mobility.

OPTIONAL PROJECTOR LENSES*

A wide range of optional lenses is available for your CineBox™ Elite projector. One key to production flexibility is the throw ratio of your lens. Throw ratio is the ratio between the width of the projected image and the distance at which the projector is from the screen. Our optional lenses offer outstanding clarity along with increased placement flexibility.

CINEBOX ELITE TRAINING

An in-depth onsite training is available to ensure you get years of worry-free use out of your outdoor cinema system. We'll be happy to send one of our certified technicians to your location to train you on your system. You will benefit from our years of experience, as we share our set up secrets, tricks of the trade and thoughtful training for you and your staff to produce professional quality outdoor events with the best outdoor cinema system in the world.

With CineBox™ Elite you are never alone. Your professional event production staff will join a global group of outdoor cinema professionals that rely on us for up-to-date training and equipment.

CINEBOX ELITE EXTRAS

Our product design team and our professional production staff have thought of everything when selecting the components that are included in our CineBox™ Elite Systems. You can rest assured that your system is equipped with the most current, state-of-the-art digital projection, sound and screening equipment to produce professional quality events.

CINEBOX ELITE INCLUDES

*Back-up Airblower
Event Producer's Tackle Box
Microphone Stand
Screen Repair Kit
Extension Cords*

HONDA GENERATORS

When producing outdoor cinema events, the power source acts as the heart of the entire audio-video system. Honda generators are available for your CineBox™ Elite Systems to provide clean quality power you can rely on. Honda has an unmatched reputation for providing consistent and reliable generators that offer dependable starts and keep running year after year.

CINEBOX ELITE OPTIONS

*Mongo Mover (screen cart upgrade)
Standard or SuperQuiet Honda Generators – 5000W, 6500W, 10000W
Electrical Distribution Boxes 110/220V with 50 Amp or 100 Amp twist lock cables
Extra High Pressure Blowers: 1.5 hp, 2.0 hp
FM Transmitters for Drive-In style events
DBX Delay Racks, Voltage Regulators, International Voltage Converters
Custom ATA Cases for Speakers and all Equipment
Karaoke Machine, Popcorn Machines, Concession Supplies*

UPGRADES

Although our standard CineBox™ Elite Systems include all of the essential equipment you will need to pull off stunning events, we also offer many upgrades that can put your shows over the top! Due to the ever-changing nature of event productions, Open Air Cinema has the component upgrades to fit even the most demanding event. Upgrade options include: more sound, subwoofers, audio delay, long and short throw lenses and more.

DELIVER THE MAGIC OF OUTDOOR CINEMA WITH CINEBOX ELITE

CineBox™ Elite is the most portable large venue outdoor cinema system available today.
