## Top Service From Start To Finish

We visited the showroom and found all of their staff to be so helpful and friendly. There was no pressure to purchase, and the staff understood that when you are potentially going to spend a lot of money, you need to make sure that you have made the right choice and that you may not purchase something on your first visit. However after visiting the showroom we did see a bistro set which we purchased on line. The delivery was exceptional with the delivery staff leaving the furniture exactly where I had requested as we were not at home of the time. A great service from start to finish

## Happy To Recommend

Visited the showroom for the first time and we were so impressed. Ordered online with Emma a few days later and the service was friendly and super efficient.

Delivery was on time and the driver excellent. We are so thrilled with our cantilever parasol, the quality and aesthetic are super.

## Well Worth A Visit

Well worth a visit. The extensive showroom of garden furniture and accessories meant we could see and try out what we were looking for having first been to more local stores. The staff were extremely pleasant and knowledgeable. This is definitely a family firm and it shows in the support we had with our choice of furniture and in the after sales support we had too.

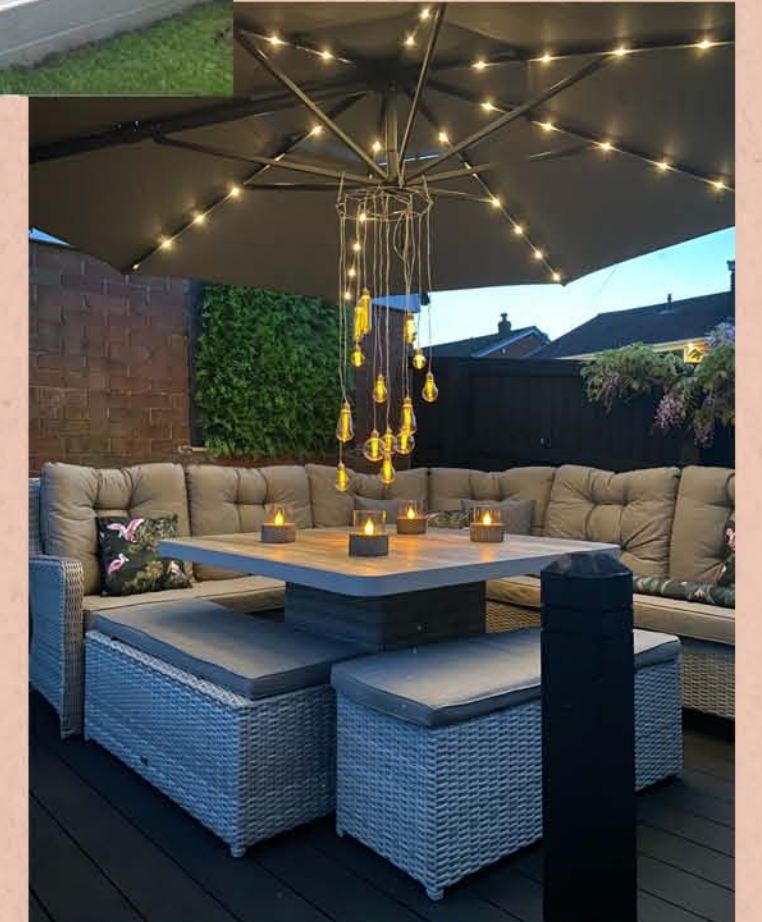

## Furniture Is Perfect

We would never have known Duxbury furniture if we hadn't received a leaflet through the door and we live out of the local area! The reason I chose Duxbury was because it was a family firm and seemed as though it was a friendly happy place to work although we were regrettably unable to visit but would have loved to. The phone calls I received were extremely friendly as was the delivery driver confirming our initial thoughts. I had complete confidence that the furniture would be of the highest quality which it was and would only buy Duxbury furniture from now on. I also feel that if I had any queries the girls would be interested and deal with them in a pleasant manner unlike some corporate companies.
