

SIMPLE WAYS TO **REDUCE** YOUR CARBON FOOTPRINT FOR BACK TO SCHOOL

1.

Commit to walking or cycling to school one day more than you did last year.

2.

Reuse your water bottle and rucksack from last year

3.

Choose the vegetarian option at lunch

4.

Get your uniform second hand rather than new

HAVING THE CHAT

You know you want to make a difference, and so do your kids. So how do you actually do it? There's an easy 3-step process to get commitment.

1. Explain why we say "Reduce - Reuse - Recycle" in that order
2. Ask them to make a list of the things they want to Reduce or Reuse. Examples include "reducing driving" "reduce buying new things" or "reuse my old pencil case". But it's important that they make the decision.
3. Discuss and commit to 1 or 2 things you will do as a family this year. Change doesn't have to be big!

MY IDEAS OF THINGS I CAN REDUCE OR REUSE IS...

MY COMMITMENT IS...

Name: _____

Date: _____
