COMPANY FOOD SAFETY & QUALITY POLICY STATEMENT

JustIngredients Ltd specialises in supplying culinary and botanical ingredients from approved suppliers to trade customers and directly to consumers. Suppliers to JustIngredients Ltd manage food safety through Hazard Analysis Critical Control Points (HACCP) systems developed in line with International Standards.

The business is committed to food safety, quality and ethical business practice which are managed through the company's quality management systems; these ensure we satisfy our legal obligations and customer requirements. Regular reviews facilitate continual improvement to the system.

JustIngredients Ltd ensures compliance with statutory requirements, as defined within European Community and United Kingdom Legislation, with adoption of any new requirements when applicable.

Our commitment to our food safety and quality practices ensures that this policy is understood and implemented throughout the business. Employees understand their responsibilities within the organisation to realise this policy and associated food safety and quality procedures.

The Managing Director has overall responsibility for control of all aspects of the food safety and quality management

Signed:

Date: 13th July 2021

Sophie Chryssaphes
Managing Director
