What is it?

Clinical Synergy[®] BreastDefend[®] Professional features proprietary blends of herbal extracts, organically grown medicinal mushrooms cultivated on immune-supporting herbs, and the specialty nutrients quercetin and 3,3'-diindolylmethane (DIM), and BCM-95[®], a form of curcumin that enhances bioabsorption.

Who can benefit from it?

BreastDefend[®] Professional is ideal for women of all ages who want an integrative and comprehensive solution for active breast health defense. It is also ideal for daily use to support long-term maintenance of overall breast health.*

What can you expect?

BreastDefend[®] Professional provides powerful, yet gentle, support for overall breast health. It promotes beneficial estrogen metabolism, provides powerful antioxidant support, supports the body's immune function, and helps maintain healthy cell function.*

Nourish Your Body Without Compromise

- Drug-Free
- Gluten-Free
- No Artificial Ingredients
- No Egg
- No Fish
- No Milk
- No Peanuts
- No Shellfish
- No Soy
- No Tree Nuts
- No Wheat
- Vegan

How does it work?

BreastDefend® Professional works through multiple mechanisms of action to actively support breast cellular health, hormone balance and immune function, safely and naturally. In preclinical studies, the formula has been shown to promote healthy breast cellular function. This action is attributed to the ability to modulate the expression of genes involved in breast cell activity. In addition, the individual ingredients in the formula – botanical extracts, medicinal mushrooms and specialty nutrients – have been shown to actively support hormone balance, healthy breast cell behavior, cellular health, and immunity.*

BreastDefend® Professional works well with:

- PectaSol-C® Professional
- PectaSol® Metal Detox
- Women's Longevity® Essentials Plus/Gold

How do you take it?

As a dietary supplement, take 2 capsules, twice daily or as directed by your healthcare practitioner.

Are there any precautions?

Consult your healthcare professional prior to use if you have or suspect a medical condition, are taking any medications, or are nursing, pregnant or considering pregnancy.
