What is it?

Clinical Synergy[®] Complete Prostate Health is a

comprehensive formula providing 33 beneficial ingredients including highly prized botanical compounds, botanically enhanced mycelium from organically grown medicinal mushrooms, vitamins, minerals and specialty nutrients. These standardized botanical extracts provide optimal concentrations of active ingredients.

Who can benefit from it?

Complete Prostate Health is ideal for men of all ages who want to actively promote prostate health, hormone balance, immune and liver function.*

What can you expect?

Complete Prostate Health delivers targeted benefits for prostate health and overall prostate function and is backed by extensive clinical use and peer-reviewed published research.*

Nourish Your Body Without Compromise

- Drug-Free
- No Fish
- No Soy
- Gluten-Free
- No Milk
- No Tree Nuts
- No Artificial Ingredients
- No Peanuts
- No Wheat
- No Egg
- No Shellfish
- Vegan

How does it work?

Complete Prostate Health has been shown in multiple preclinical studies to promote favorable gene expression that supports healthy prostate cell division and growth. The formula features four proprietary blends that complement essential vitamins, minerals and specialty nutrients to provide targeted benefits for overall prostate health, including promoting removal of excess estrogens and xenoestrogens for healthy hormone balance, nourishing the liver and fortifying immune function.*

How do you take it?

As a dietary supplement, take 1 capsule twice daily with food or as directed by your healthcare practitioner. At higher doses, **Complete Prostate Health** forms the foundation of a comprehensive holistic program for prostate health. At lower doses, it offers daily support for long-term prostate health.

Complete Prostate Health works well with:

- PectaSol-C® Professional Modified Citrus Pectin
- Men's Essentials Plus

Are there any precautions?

Consult your healthcare professional prior to use if you have or suspect a medical condition or are taking any medications. Do not exceed recommended dose.
