

PECTASOL-C® PROFESSIONAL

Modified Citrus Pectin • Dietary Supplement

Doctor Formulated
Research Driven
Clinical Synergy® Standard

What is PectaSol-C® Professional Modified Citrus Pectin?

PectaSol-C® Professional Modified Citrus Pectin is a low molecular weight pectin. It is extracted from the pith of citrus fruit peels using a natural physical purification process that makes it highly absorbed into the circulation, Figure 1. PectaSol-C® Professional has over 20 years of research and over 20 published peer reviewed studies.

1. What is **galectin-3** (Gal-3)?

- Gal-3 is a naturally occurring protein found in small amounts throughout the body, inside cells, extracellularly and in the blood stream. However, if the body produces too much Gal-3, it can greatly disturb many essential biological processes.

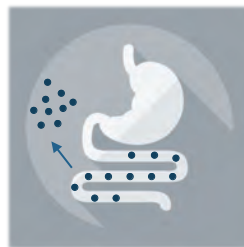

Figure 1. PectaSol-C® Professional travels through the digestive tract and is absorbed

2. What **role** does it play?

- High levels of Gal-3 affect cardiovascular, immune, and cellular health.* Gal-3 was approved in 2011 by the FDA for use as a biomarker to monitor cardiovascular health.

3. How do they **interact**?

- PectaSol-C® Professional Modified Citrus Pectin is the only natural, clinically-studied galectin-3 inhibitor. PectaSol-C® Professional is small enough to be absorbed through the digestive tract, allowing for overall body support.*

PectaSol-C® Professional Modified Citrus Pectin

is a smaller pectin product under 15kDa with less than 10% degree of esterification. This product is available in both powder and capsule forms. *This product contains no vitamin C.*

Nourish your body without compromise*

- ✓ No Soy
- ✓ Gluten-Free
- ✓ Vegan
- ✓ GRAS
- ✓ cGMP Facility
- ✓ Strict Quality Control

THE ONLY NATURAL INHIBITOR OF GALECTIN-3

Research on PectaSol-C® Professional

A growing body of research supports the numerous health benefits of PectaSol-C® Professional Modified Citrus Pectin in areas such as:

THE ONLY CLINICALLY PROVEN
MODIFIED CITRUS PECTIN

Cardiovascular Health

Cellular Health

Immune Health

Supporting Other Therapies

Benefits and Usage

PectaSol-C® Professional Modified Citrus Pectin **published research** shows benefits in **numerous health areas** for both women and men of all ages who want to use the product alone or in combination with other Clinical Synergy® products. This is a **daily supplement** that supports **wellness and healthy aging**.*

PectaSol-C® Professional Modified Citrus Pectin delivers **gentle**, yet **effective**, natural support to provide benefits systemically. Extensive research shows PectaSol-C® Professional promotes significant improvements in cardiovascular, immune, cellular, and overall health.*
