trimming, as this will void your return and warranty

## STEP 1

Remove Floor Mat from box and allow it to lay out in a warm area. This allows the liner to regain it's custom shape after being rolled up for shipping.

## STEP 2

Untrimmed area can slide under vehicles with a center console or can be trimmed by using sharp scissors or a carpenter's knife to cut along crevice in mat to remove area at top for a custom fit.
