MATERIALS

The Synthetic Hand Woven Outdoor Floor Rugs are made of weather resistant Textilene® yarns (PVC coated Polyester) from Twitchell, USA and weather resistant UVOL® Olefin yarns. The UVOL® Olefin gives the rugs a rich textile appearance and soft touch. The Textilene® gives the rug strength and stability on the floor.

CHARACTERISTICS

- Low maintenance
- Durable
- UV- & Weather resistance
- Strong
- Handmade
- Exclusive look & feel
- Inherent water repellence, mildew resistance and oil- & chemical resistance of Textilene & Olefin yarns.

MAINTENANCE

- Careful and regular cleaning
- Avoid contact with burning object and excessive heat
