

HEMMING & WILLS.

Contract & *Trade by* HEMMING & WILLS.

Whether it's opening a stylish new restaurant or hospitality venue, refurbishing a commercial space or a residential project, we would love to be part of the journey.

Here at Hemming & Wills, we can provide a range of commercially graded, design-led furniture to help you create welcoming, memorable spaces - whilst keeping sustainability at the heart of what we do as part of our core ethos at H&W.

With wide ranging experience from numerous projects across the UK including street food/ bar/restaurant venues, housing developments and commercial property refurbishments, we're able to help design, specify, manufacture, supply and install all types of projects.

For that extra design touch, we work with experienced interior designers to provide you with all the assistance you may need to turn your vision into a reality.

We can help with projects of all sizes and types and we can offer much more than the retail offering you see on our website including:

- Custom/bespoke contract requirements for our renowned reclaimed and sustainable collection furniture keeping sustainability at the core of what we do.
- Contract grade furniture of all types
- Bespoke manufacture of upholstered items
- Interior design services
- Exclusive trade discounts

Are you looking for a small, personable, experienced team to help you on your next project? Feel free to get in touch, we'd love to hear from you!

Projects *from* HEMMING & WILLS.

Society

This trendy Manchester based street-food and music venue, spans 8,073 sq ft and is kitted out in bespoke contract H&W indoor and outdoor furniture.

We arranged the manufacture, supply and installation of a range of contemporary wooden tables, benches and coffee tables for the stunning space, as well as custom poseur shelves and a DJ Booth.

“Hemming & Wills oversaw the specification, manufacture, supply and installation of a large range of commercial furniture for Society Manchester, our latest street food, drink and music venue spanning over 8,000 sq ft right in the heart of the city near Manchester Central. Chris, Managing Director at H&W, was very hands-on delivering a range of bespoke, contemporary style indoor and outdoor wooden dining tables, benches, coffee tables and a custom DJ booth for the venue at competitive prices and on-time. Chris has always been very helpful and professional and his help at Society has been much appreciated – the venue looks great.”

Richard, Society Manchester

Park Square

Park Square in Cheadle, Greater Manchester, is large commercial office complex.

Working with the Leasing Director and our partner interior designer, we helped to design and supply contract restaurant furniture for a complete transformation of the large on-site cafe at the venue creating a stunning, Scandi style vibe.

"I approached Hemming & Wills for both design support and to help with new furniture for a large café refurbishment at one of the commercial office complexes I manage in Greater Manchester within my role as Leasing Director at Orbit Developments. H&W partnered with an excellent interior designer whose bread and butter is commercial hospitality and together they transformed the café into a fantastic, welcoming contemporary space furnished with high quality contract restaurant furniture. The whole H&W team and, particularly Chris, have been excellent throughout. Very happy to recommend."

Rhys, Orbit Developments

Hello Oriental

We worked with Hello Oriental, one of Manchester's latest and most exciting new streetfood venues, to bring their concept to life with a range stylish and bespoke furniture options.

We supplied the space, which spans three floors, with all tables, chairs, and stools as well as a range of bespoke reclaimed style tables and benches. We provided options that offered edginess, practicality and cohesion throughout the space.

Community extra care housing development

We collaborated with Studio Henderson on fantastic community extra care housing developments for over 55's in Manchester and Liverpool.

Hemming & Wills supplied a range of custom lighting including our bespoke, handmade Moom collection to help create a contemporary, modern yet homely environment for those in need of a little extra living care.

"Hemming & Wills shares many of the same goals as us - we strive to make practical, functional, yet stunning spaces for our clients, specialising in community care and dementia care design. We take a really creative approach to building and adapting interior environments and only select optimum brands to join us in our projects."

Cliona, Studio Henderson
