Jessie is an absolutely amazing photographer. She is professional, kind, super talented, and organized. We hired Jessie to photograph our wedding and couldn't have been more happy with the experience. When we sat down to plan what we wanted the photos to look like, Jessie had already done her research on poses that would work given my husband and my height difference. On the day before the wedding, Jessie went and scouted out the perfect photo locations at the venue so she knew all the good photo locations. On the wedding day, Jessie arrived ahead of schedule, prepared, organized, and full of positivity. The photos are beyond amazing and were edited and sent to me promptly. I would recommend Jessie to anyone getting married as this was the best experience I have had with a photographer!

Jessie was an absolute dream to work with for our wedding day. We wanted to keep everything fun and light and she definitely brought that energy for us. She had lots of great ideas for our theme wedding and even had some props for us to work with. The photos we received were exceptional and definitely exceeded my expectations! We were her first wedding ever and you would have never known looking at the photos and by her professionalism on the day. I would absolutely work with her again for any event and I recommend her to anyone looking for someone who is positive and so talented.

hearing from you!
