

RIPPLE REFINE™ Eye Cream

PRODUCT DESCRIPTION

Ripple Refine combines moisturizers, decadent emollients, and an ancient mushroom that's naturally rich in plant-derived collagen to promote a smoother, more refined, and more polished outer-eye appearance.

WATER SOURCES

- **Fermented green tea water**
(*Camellia sinensis* leaf water/
Saccharomyces ferment) cleanses,
moisturizes, brightens, firms, and
sustains skin in the face of various
daily stressors.
- ***Bambusa arundinacea* juice** offers
soothing, moisturizing, and toning
properties to support a firmer look
around the eyes.
- **Cucumber (*Cucumis sativus*) extract**
quenches, calms, cools, soothes,
and sustains the skin against daily
stressors.

Cultivated in the Boseong region of Korea, our green tea is grown in an area renowned for possessing Korea's largest tea fields due to its perfect soil and climatic conditions. Tea fermentation has a long and rich history in this region. Creating fermented tea water is a two-phase process that uses traditional natural and lactic acid fermentation techniques to yield the finest result for more potent ingredient levels.

RIPPLE REFINE Eye Cream

KEY INGREDIENTS

- **Korean Calming Complex** calms, settles, smooths, and moisturizes with an all-natural ingredient cocktail of rosemary (*Rosmarinus officinalis*) leaf extract, *Anthemis nobilis* flower oil, *Camellia sinensis* leaf extract, *Centella asiatica* extract, *Polygonum cuspidatum* root extract, *Scutellaria baicalensis* root extract, and licorice (*Glycyrrhiza glabra*) root extract.
- **Sodium hyaluronate** benefits the skin's moisture levels as a salt form of hyaluronic acid, an effective moisture-attracting molecule.
- **Ascorbyl glucoside** converts to pure vitamin C upon contact with the skin's surface and works well with other ingredients to support the skin's ability to look smoother, brighter, and younger. When combined with niacinamide, this ingredient creates a powerhouse punch against uneven skin tone and color.

DIRECTIONS:

Apply small amount onto entire eye area, taking care to avoid getting product into eye, and gently tap with fingertips until absorbed. Begin by testing with a small amount. Follow with RainBurst™ Moisture Cream.

- **Snow mushroom (*Tremella fuciformis*)** extract provides a rich source of polysaccharides to help hydrate skin by binding moisture to its surface. This ingredient also contains plant-derived collagen.
