

5k Dolly

Made in
the USA

Features & Specs

- 5000 lbs. weight capacity
- 1/2" steel plate
- Five 3" glass filled nylon casters
- Comes fully assembled
- Sold individually

The 5k Dolly is perfect for heavy equipment and material handling in industrial plants and warehouses with its Flush Top design.

The 5k Dolly has been engineered out of 1/2" thick steel plate, meaning that only 5 HD casters are needed to handle loads with zero flex.

All of our individual dollies come fully assembled and ready to use.
