## OPTIONAL EQUIPMENT TO HELP YOU TRANSPORT SAFER, EASIER AND MORE EFFICIENTLY:

- 4th wheel attachment puts the truck back into a 40-degree angle and supports the load so you don't have to.
- Ratchet strap attachment to secure your load in place.
- Bolt on 4" wide wings to widen the frame's surface area.
- Snap on aluminum deck is available with or without carpet, for a solid protective surface on the front of your frame.
