### CSA CERTIFIED

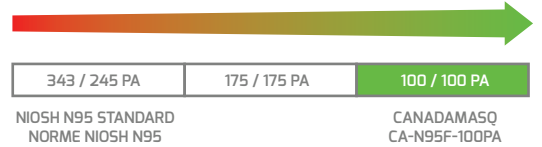

- “The **NEW Canadian standard** for respirators used in healthcare.
- Q100 CA-N95F-100Pa is the first CSA certified 100Pa ear loop style flat-fold non-powered air-purifying respirator.
- **Designed to be comfortable** to wear and easy to use, important for healthcare workers who may need to wear a respirator for extended periods of time

### QFLOW TECHNOLOGY

- CSA Certified 100Pa exceeds the highest breathability standards.
- Game changing breathability to reduce ‘Mask Fatigue’ and enhance comfort.
- 4x times more breathable.

DIFFICULT BREATHING  
RESPIRATION DIFFICILE

EASY BREATHING  
RESPIRATION FACILE

### SOFT AND FLEXIBLE FLAT EAR LOOPS

- Provides a secure and comfortable fit to extend wear time
- Easier to don/doff
- Minimizes time and maximizes convenience for healthcare workers

### FIT TESTABLE

- 4 available sizes (XS,S,M,L) ensures optimum fit for complete range of face shapes and sizes
- Ensures healthcare workers are protected from risk of exposure to harmful airborne bacteria and viruses

### STAFF AND PATIENT PROTECTION

- Only CSA certified respirator for young children (XS)
