

'Weigh Better'

LTFPRO

LTF "PROFESSIONAL" SERIES WEIGHING KIT FOR LIFT TRUCK FORKS

Pair of forks with an integrated weighing system, for lift trucks; easy to use, sturdy, and reliable. The indicator installable in the cabin eases the weighing operations, and can be fitted with a wide range of accessories. Functions through rechargeable battery or through direct powering from the lift truck. Compatible with any lift truck having a DIN 15173 - FEM fork holder plate, of the IIA or IIIA class (IIB optional). Available CE-M approved.

The best solution
for advanced industrial
applications

- Structure of the forks in painted steel with IP65 protection degree.
- Each fork weighs 75 kg (LTF25) and 90 kg (LTF50).
- Functions with 4 shear-beam IP68 load cells
- Accuracy: +/- 0.2% of the capacity
- Max. allowable overload: 200% of the nominal capacity.
- Max. horizontal inclination (flexibility): +/- 2° with the same precision features.
- Digital calibration and set-up through keyboard or PC with DINITOOLS.
- Forks power supply through rechargeable battery, 40-hour approximate operating time
- Indicator in cabin power supply through rechargeable battery (40-hour approximate operating time) or directly from the lift truck through optional power adapter.
- Programmable auto power saving function.
- Equipped with battery charger.

KEYBOARD FUNCTIONS AND PRINTOUT

- KEYBOARD: clearing, semi automatic tare, presettable tare, print and/or data transmission, selectable function command, on/off.
- PRINTOUT: customisable print layout.

OPTIONS ONLY AVAILABLE AT TIME OF ORDER

- Thermal printer option box.
- Time/Date.

SELECTABLE FUNCTIONS

- High Resolution Weighing x 10
- Net/Gross or lb/kg conversion
- Weighs totalisation
- Formulation
- +/- Check
- Percentage weighing
- Counting
- Hold and Peak
