SYMPROVE™

Water-based food supplement with
Live & Active Bacteria

**Mango & Passion
Fruit Flavour**

Instructions

Shake bottle gently before use.
Take one full cup (70ml) of
Symprove every morning
**10 minutes before
you eat or drink.**

Designed to deliver approximately
10 billion colony forming units
(CFUs) per cup.

Food supplements should not be used as
a substitute for a balanced and varied diet.

Do not exceed the recommended
daily dose.

Storage

Once opened, keep in the fridge and
consume within 10 days of opening.
Store in a cool, dry place and out of
the reach of children.

**Please do not heat or freeze as you may
damage the live and active bacteria.**

See accompanying leaflet for
further details.
