Industry Leading Features

At Philips, we strive to make the world healthier and more sustainable through innovation. In an endeavour to make your home beautiful and safer, Philips has introduced range of modular switches and MCBs.

Philips Modular Switches are break-proof, built to last and come with 10 years warranty. These are tested for upto 2 lakh clicks. Attributes like Dual Shutter safety, break proof and water resistant make them durable even in tough conditions.

TripleProtection® Technology

Philips Modular Switches are made up of 100% polycarbonate material that make them shock proof. Its precision design prevents seepage of water inside even from wet hands. These switches are protected by spark shield technology.

DualShutter® Technology

Philips Modular Switches have got separate in-built shutters for top and bottom sockets that make them easy fit for 2 pin plugs in the 3 pin socket.

Innovative Front Removal & Insertion Technology

These new age switches have got inserts that are front fixing as well as removable. You donot need to remove the grid/ inner plate during installation.

It also helps in preserving POP around plates, keeping wall finish intact.

ECO-Friendly® Technology

PRESENTING

Mirror Glaze

- ▶ Multiple color/sparkle option for superior look
- ▶ Easy to clean
- ▶ Light weight/ultra-durability
- ▶ Suitable for uneven wall finish
- ▶ Suitable for most available boxes
- ▶ Can be fitted on wooden box
- ▶ Great strength due to unique honeycomb construction
- ▶ Dust does not accumulate on the surface
- ▶ Easy front in/out installation
